List of Approved Title of Dissertation for Academic Year 2009-10 under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Homoeopathy Materia Medica(M.D. Homoeopathy)	
1.	Study on Trimiasmatic picture Of Nat-Mur.
2.	To Study In Detail Utility of Group IB Remedies With Special Emphasis on Cuprum Metallicum, Argentum Metallicum and Aurum Metallicum and Their Salts.
3.	To understand Halogen group of Remedies With Special Emphasis on Iodine and its Salts and their clinical utility.
4.	To Study Carbon Group with special Emphasis on Graphites in Skin Affections.
5.	To Study the Scope of Homoeopathic Medicines in the Management of Cervical Spondylosis.
6.	Homoeopathic Approach in Fibromyalgia.
7.	To Study Oleum Jecoris Aselli and its utility in clinical Practice.
8.	Study of utility of Calcarea Carbonicum in Paediatric cases.
9.	Efficacy of Aurum Metallicum in Hypertension.
10.	Study of Mercury group and its clinical utility.
11.	Studying the Dispositional and Miasmatic Characteristics to from the Living Materia Medica Image of Thuja.
12.	Emphasis on the relevance of mental sphere of Lycopodium and Natrum Muriaticum and their increased significance in the Recent Middle Class with special focus on Kerala.
13.	To study efficacy of Hepar Sulph and Silicea in Management of Skin Abscess.
14.	Effect of Homoeopathic constitutional remedy in the treatment of the orphans' age below 5 years.
15.	Studying the hardness of calcarea flouricum at the level of mind and body.
16.	Compare and contrast the conceptual image of calcarea carbonicum and calcarea carbonicum and calcarea flouricum patients.
17.	Exploring the differential world of calcarea fluorica and calcarea Iodata in paediatric age group patients.
18.	Evolving an evolutionary drug picture through proving of a coded drug.
19.	Evolving a conceptual image through drug proving of a coded drug.
20.	Evolving a Monograph trough Drug proving of coded drug.
21.	To Evaluate Scope of Homoeopathic in Primary and Adjustment Insomnia.
22.	To study the role of Homoeopathic Medicines in Urticaria.
23.	To Study the role of Homoeopathic medicines in Primary Dysmenorrhoea.
24.	Study of lachesis & its utility in essential hypertension.
25.	Study of phosphorous and its utility in irritable bowel syndrome.
26.	Efficacy of Homoeopathic remedies in type II diabetes mellitus.
27.	A detail study of functional dyspesia and its homoeopathic management.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

List of Approved Title of Dissertation for Academic Year 2009-10 under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Homoeopathy Materia Medica(M.D. Homoeopathy)	
28.	Utility of calcarea group in cases of tonsillitis with special emphasis on calcarea phosphorica.
29.	Study of natrum group in detail with special emphasis on natrum muriaticum in acne vulgaris.
30.	A study on potential of homoeopathic medicine in relation to moon phases.
31.	Utility of lycopodium clavatum in clinical practice with special emphasis on jaundice in children.
32.	An Evolutionary Study of Natrum Muriaticum, Silicea & Tuberculinum as constitutional Medicines For Failure To Thrive in Children.
33.	Effectiveness of Homoeopathy of different types of Acne along with diet & Home Remedies.
34.	Efficacy of Homoeopathic Medicines in The Management Of Recurrent Coryza.
35.	Allergic Rhinitis of urban population and its Homoeopathic Management.
36.	Efficacy of Homoeopathic drugs in 'Atopic dermatitis.
37.	Homoeopathic Management of Morning sickness in antenatal care.
38.	Study of silicea and its efficacy in various clinical cases.
39.	Role of Homoeopathic remedies in diabetes mellitus type-II.
40.	A study of composite (Asteraceae)family medicines with special emphasis on its common characteristic symptoms and particular differentiating characteristic symptoms.
41.	Study of the efficacy of constitutional Homoeopathic medicine in the management of chronic tonsillitis.
42.	Role of antimiasmatic remedies in removal of obstacles to the cure during the constitutional management of bronchial asthma in paediatric age group.
43.	Detailed study of Anacardiaceae family with special emphasis on mental symptoms.
44.	Study of efficacy of Homoeopathic Medicines in Management of sciatica and its complications.
45.	Role of Homoeopathic polycrest medicines in the treatment of skin disorders with special emphasis on psoriasis.
46.	Study of efficacy of Homoeopathic Medicines in the Management of road traffic accident injuries.
47.	Efficacy of Homoeopathic Medicines in the Management and treatment of glomerulonephritis.
48.	Comparative study of arsenicum album & kali group of drugs in bronchial asthma.
49.	Clinical study of Homoeopathic Management of bronchial asthma.
50.	Cardus Marianus - efficacy in the clinical practice specially in the liver disorders.
51.	Study of Utility of Homoeopathic Medicine in the treatment of sleep disorders & A special emphasis on insomnia.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

List of Approved Title of Dissertation for Academic Year 2009-10 under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Homoeopathy Materia Medica(M.D. Homoeopathy)	
52.	A critical study on the efficacy and significance of symphytum officinalis in the management of peptic ulcer.
53.	Homoeopathic Management of acute tonsillitis in paediatrics age group.
54.	Study of role of homoeopathy in the management of first stage of breast cancer [DCIS,LCIS] and its related complications.
55.	Role of Fish Group of Medicine in Pelvic inflammatory.
56.	Study of role of Homoeopathic Medicine in the treatment of infertility in female.
57.	Clinical approach of hypertension,its complications and homoeopathic management.
58.	Efficacy of Homoeopathic Medicines in Lower Urinary Tract Infection.
59.	Study of Carbonicum Group in Homoeopathy.
60.	Homoeopathic approach towards management of Autism.
61.	Role of Homoeopathic Polychrest remedies in community acquired pneumonia.
62.	Efficacy of Homoeopathic medicines in management of GERD (Gastroesophageal reflux disorder.)
63.	To study the portrait of Homoeopathic Drug 'Pulsatilla' in detail & it's Clinical utility.
64.	Efficacy of Homoeopathy in Immunological Disorder Hypersensitivity Type-I Reaction.
65.	Study of Halogen group with special emphasis on Iodum in Thyroid disorder.
66.	Evaluation of range of drugs in homoeopathic materia medica for conditions of slow learner.
67.	Efficacy of Homoeopathic medicines in prevention of Recurrences of Upper Respiratory Tract Infections.
68.	To Study Magnesia Group of drugs with special emphasis on Portrait formation of Magnesia Carbonica.
69.	To study Metal Group of drugs with special emphasis on Portrait formation of Aurum Metallicum.
70.	Understanding Various shades of lachesis and its clinical utility.
71.	Study Efficacy Of Sulphurosum Acidum In The Management Of Allergic Rhinities.
72.	Study of Tuberculinum in detail and its efficacy in Tonsillitis.
73.	Study the Conceptual Image of Homoeopathic remedy Calcarea Carbonica & it's Clinical Utility.
74.	Utility of kali group in allergic rhinitis with special emphasis on kali arsenicum.
75.	Study of the Buttercup (Ranunculaceae) Family with special emphasis on the clinical utility of Pulsatilla in Homoeopathy.
76.	Efficacy of Homoeopathy in Management of Exanthematous fevers.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

List of Approved Title of Dissertation for Academic Year 2009-10 under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Homoeopathy Materia Medica(M.D. Homoeopathy)	
77.	Efficacy of Homoeopathic Medicines in Alcoholism with special emphasis on Sulphur, Sulphuric Acid & Nux Vomica.
78.	Homoeopathic Management of Fungal Infection & Efficacy Of Mercury.
79.	The Clinical efficacy of constitutional simillimum in the treatment of Hyper tension.
80.	Role of Homoeopathic Medicines in Oral Sub Mucus Fibrosis.
81.	Clinical Efficacy of Homoeopathic treatment in the management of Haemophilia.
82.	To study efficacy of Veratrum Album in irritable Bowel Syndrome.
83.	Application of Cyclical Remedies in our Practice.
84.	To study efficacy of Tarentulla Hisp.in Asthama.
85.	Evolving Homoeopathic Approach And Therapeutic From Clinical Experience Of Leucorrhoea.
86.	Clinical study of PCOD(Poly Cystic Ovarian Diseases.)with Homoeopathic Management.
87.	Homoeopathic Management of Rheumatism of Shoulder Joint.
88.	Efficacy of Homoeopathic Management in Anxiety Neurosis.
89.	Study of Loganiaceae family and its utility in clinical practice with special emphasis on Gelsemium, Iagnetia, Nux Vomica & Spigelia.
90.	Analytical study of the constitutions of carbonate salts of baryta,calcareia and magnesium.
91.	Evolutionary drug picture of sepia and its application in Homoeopathic practice.
92.	Gastrointestinal Disturbance With Special Emphasis on Aesculus Hippocastanum, Carbo Vegetabilis, Colchicum,Raphanus.
93.	Clinical efficacy of Homoeopathic Medicine in case of iron deficiency anemia.
94.	Effect of combination of Selenium, Chromium Calcium and Manganese in PCOD patient.
95.	Utility of Nosodes in Homoeopathic practice with special emphasis to tuberculinum.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

List of Approved Title of Dissertation for Academic Year 2009-10 under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Organon of Medicine(M.D. Homoeopathy)	
1.	To Study The Signs of Improvement With Hering's Approach.
2.	To Study The Role Of Dreams in Homoeopathic Prescription.
3.	Evolution of Concepts of Posology.
4.	Study of Susceptibility in Childhood Asthma.
5.	Psora-The Mother Of All Diseases , Its Insight And Expression.
6.	Scientific study of Homoeopathy in Endocrinology with special reference to infertility.
7.	To understand the state of disposition of person with reference to aphorism 211 & 212 and its utility in clinical practice.
8.	Homoeopathic Approach in Paediatric Cases.
9.	Role of Homoeopathy In Alopecia Areata.
10.	To study the utility of characteristics particular symptoms in treatment of Lumbar Spondylosis.
11.	The study of posology in migraine.
12.	Comparative study of different susceptibilities exhibited by provers to a single potency of drug administered during drug proving.
13.	Study the phenomenon of suppression in 21 st century & its homoeopathic management.
14.	Influence of miasm in clinical presentation of seronegative spondyloarthropathies & their homoeopathic management.
15.	To study the outcome of homoeopathic treatment for seronegative spondyloarthropathies from the perspective of cure & palliation.
16.	To study the follow up of cases according to guidelines given by Dr. Hahnemann in 6th edition of Organon of Medicine.
17.	To study the utility of Pathological Generals in Homoeopathic Prescribing.
18.	Role of homoeopathy in epidemic diseases with special emphases on conjunctivitis.
19.	Significance of causa occasionalis in homoeopathic prescription.
20.	Study of intermittent fever & its practical application through Organon of Medicine.
21.	Scope of Homoeopathy in obesity with its miasmatic approach.
22.	Efficacy of Homoeopathy in cases of febrile convulsion with miasmatic approach.
23.	Perceiving fever as a phenomenon to manage patient homoeopathically.
24.	Perceiving the phenomenon and the difficulties in the homoeopathic management of vitiligo.
25.	Homoeopathic Approach towards the cases of common polygenic disorder.
26.	Significance of individualisation in the science of Homoeopathy.
27.	Study of Different Gestures in Behavioural Disorders Of Children.
28.	Study of Homoeopathic Medicine in Management and treatment of Gastritis.
29.	Importance of the Knowledge of miasms in finding the similimum.
30.	Concept of miasm & clinical applicability of psora.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

Sr. No.	Approved Title of Dissertation
Organon of Medicine(M.D. Homoeopathy)	
31.	To study the role of assessment of susceptibility and its implication in Posology in cases of Bronchial asthma in children.
32.	Importance of Constitution and temperament in remedy selection with specific emphasis on choleric temperament.
33.	Miasmatic Approach and scope of Homoeopathy in AIDS/HIV management.
34.	Understanding of allergic rhinitis and its miasmatic approach with Homoeopathy management.
35.	Using causative factor as basis of prescription in acute cases.
36.	Efficacy of Homoeopathic constitutional medicine in the treatment of bronchial asthma.
37.	To study and understand the scientific and clinical perception of vital force.
38.	Role of Homoeopathy in uterine fibroid and its miasomatic conditions.
39.	To study miasmatic approach in treatment of rheumatoid Arthritis.
40.	A study on the efficacy of Homoeopathic Medicine in the treatment of Menopausal syndrome.
41.	Urinary incontinence-A study from miasmatic background.
42.	A clinical study on psoriasis in accordance with the homoeopathic philosophy and its principles.
43.	Organon of Medicine:its relevance in the present day practice of Homoeopathy.
44.	Logical application of organon of Medicine in Homoeopathic Management.
45.	Efficacy of Homoeopathic Treatment in Ring Worm infestation With Miasmatic Approach.
46.	An attempt to demonstrate the utility of the symptom 'Ailments from' in acute prescription.
47.	A study on the efficacy of homoeopathic medicines in the treatment of hypothyroidism through miasmatic approach.
48.	Miasmatic approach in treatment of chlorosis (Iron Defficiency Anaemia).
49.	The art and science of case taking and its application in reserved individuals.
50.	Bio-logistic approach to Honorable Dr. Kents Twelve observations.
51.	One sided diseases and modern thinking.
52.	Variation in selection of doses in cases of Eczema.
53.	Suppression in Homoeopathy its cause and effect.
54.	Concept & approach of miasms in clinical condition.
55.	Miasmatic analysis of Diabetes Mellitus.
56.	The importance of common, most ordinary and usual symptoms related to the patient's mind constituting the disease state.
57.	Importance of Nosological Diagnosis in Homoeopathy.
58.	To study the role of Objective symptoms in Homoeopathic Prescribing.
59.	Miasmatic assesment of miscarriage & scope of Homoeopathy in cases of miscarriage.
60.	To study the miasmatic evaluation and Homoeopathic management of Acid Peptic Disorders.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

List of Approved Title of Dissertation for Academic Year 2009-10 under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Organon of Medicine(M.D. Homoeopathy)	
61.	To study the efficacy of lower potencies in cases of HIV(AIDS).
62.	To study the Scope, Miasmatic evaluation and Homoeopathic Management of Breast Cancer.
63.	Miasmatic study of Chikungunia and Scope of Homoeopathy in it's management.
64.	Study of Sycotic traits and its utility in treatment of pediatric cases.
65.	To study the diet and regimen in acute and chronic diseases.
66.	Use of Symptomatology of Psora in clinical practice.
67.	The roll of miasm in occupational stress.
68.	Homoeopathic Approach To Susceptibility & its Clinical Utility.
69.	A study of Miasmatic Evolution in cases of Cervical Spondylosis and its Homoeopathic Management.
70.	Maismatic evaluation of diseases of Prostate and efficacy of Homoeopathy and its treatment.
71.	Preceiving Development of Symptoms & Treatment of Hemorrhoids.
72.	Homoeopathic Treatment of Vertigo.
73.	Various Aspect of Susceptibility & it's therapeutic implications.
74.	A Clinical study of Homoeopathic Management of Allergic Sinusitis.
75.	Role of Organon of Medicine and homoeopathic philosophy in the treatment of acute and chronic diseases.
76.	Efficacy of Homoeopathic therapeutics in management of various Ano-Rectal conditions with it's maismatic evaluation.
77.	Importance of Obstacles to recovery in the present scenario:A Clinical study with Homoeopathic philosophical background.
78.	A Miasmatic approach to Aestho-Physiology & its Relationship with the Abnormal Craving's & A version's in Paediatric group-A Study.
79.	Usage of pathognomonic symptoms in day to day practice and Homoeopathic approach.
80.	Clinical study of atopic dermatitis and Homoeopathic Management.
81.	A Comparative study of Trichotillomania and alopecia areata with its miasmatic evaluation.
82.	Anamnesis in Suggestive To IdentifyThe Miasm in Patient.
83.	Understanding the miasmatic evolution of natrum group and their relevancy in homoeopathic practice.
84.	Understanding the miasmatic perspective of dysmenorrhoea and its importance in homoeopathic practice.
85.	Miasmatic Approach in cases of Urinary tract infection.
86.	Understanding the miasmatic approach of hair fall and its solution in homoeopathy.
87.	Role of Homoeopathy in Dysfunctional Uterine Bleeding.
88.	Role of homoeopathy in Psychosomatic diseases with special emphasis to irritable bowel syndrome.
89.	Fundamental cause of disease and its clinical significance.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

List of Approved Title of Dissertation for Academic Year 2009-10 under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Repertory(M.D. Homoeopathy)	
1.	To study The Chapter Extremities From Kent's Repertory Of The Homoeopathic Materia Medica.
2.	Holistic approach towards the treatment of Arthritis by using Complete Repertory.
3.	Study of different Constitutions with the help of Murphy Repertory.
4.	Utility of Boger Boeninghausen Characteristic Repertory in Ano-Rectal Diseases.
5.	To study the utility of kent repertory in the treatment of disease of climacteric age .
6.	Study of various shades of kali personalities with special emphasis on kali carb from mind section of synthesis repertory.
7.	Utility of Murphy's Repertory in the Management of Leucorrhoea.
8.	Exploring the efficacy of Murphy's repertory in management of Bronchial asthma.
9.	Role of Synthesis - Repertorium Syntheticum in the management of Non-insulin dependent diabetes mellitus (NIDDM).
10.	To study Herpes Zoster in female through B.B.C.R.
11.	Application of Boerike's repertory in management of Urticaria.
12.	Role of Boger-Boennighausen's Repertory in the treatment of Bleeding.
13.	Study of various skills and techniques of case taking in acute conditions in paediatrics (age group 0-12).
14.	Understanding Kent's approach through repertorial study of cases from Kent's lesser writing.
15.	Comparative study of skin chapter in Kent's and boericke's repertory.
16.	Understanding boger's approach through repertorial study of cases from boger's collected writings.
17.	Understanding boenninghausen's approach through repertorial study of cases from boenninghausen's lesser writing.
18.	To Assess the Utility of Synthesis 9.1 Repertory in cases of Benign Paroxysmal Positional Vertigo.
19.	To study the role of "Repertory Of Hering's Guiding Symptoms of Our Materia Medica by Calvin Knerr, In acute and chronic prescribing.
20.	A Repertorial approach in the management of tooth decay.
21.	To study the utility of Homeopathic Medical Repertory by Dr.Robin Murphy, in cases of External Hordeolum.
22.	Study of Fever section of Boenninghausen's Characteristics Materia Medica and Repertory by C.M. Boger with clinical cases.
23.	Study of boericke repertory showing it's efficacy in cases of pediatric fever.
24.	Study of Boger's synoptic key to Materia Medica and its utility in clinical practice.
25.	Study of rubric 'Anxiety' from synthesis repertory and its utility in clinical practice.
26.	An explorative study to understand the efficacy of homoeopathy in the treatment of psychosomatic disorders with reference to complete repertory.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

List of Approved Title of Dissertation for Academic Year 2009-10 under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Repertory(M.D. Homoeopathy)	
27.	Role of graphites in skin ailments through Kent's repertory.
28.	To study the comparative utility of rubrics related to all concomitants versus all modalities in the treatment of fevers with the help of Boenninghausen's repertory.
29.	To assess the utility of low grade remedies in rubrics of respiratory tract infection in children from Kent's repertory.
30.	To understand the importance of psycho social factors affecting female related pathology with the help of complete repertory.
31.	Clinical Evaluation of "Keloid" in Homoeopathy with its Rubric According to different Repertories.
32.	Utility of Kent's Repertory in Management of Insomnia.
33.	Efficacy of Kent's Repertory in Management of Acne Vulgaris.
34.	Suicidal Disposition-A Study Through Kent's Repertory.
35.	Management of Migraine using Synthetic Repertory.
36.	To study the utility of Murphy's Repertory in management of Allergic Rhinitis.
37.	Utility of Kent's Repertory in management of Acne Vulgaris.
38.	Utility of synthetic repertory in treatment of migraine.
39.	Utility of Homoeopathic Medicines in contact dermatitis.
40.	Repertorial study of Haemorrhoids and its clinical approach through synthesis repertory.
41.	Repertorial approach in skin diseases with special emphasis on mind.
42.	Role of Repertory in treating ano rectal diseases.
43.	Utility of Kent's repertory in Homoeopathic Management of Osteoarthritis.
44.	Utility of Kent's repertory in stress induced physical ailments.
45.	Hepatitis B- A clinical study in Repertory.
46.	Utility of Homoeopathic Medicines in the Management of Acne in Adolocent with special emphasis on synthetic repertory.
47.	Study of low back pain and its Homoeopathic Management with special emphasis in Kent's Repertory.
48.	Role of Homoeopathic Medicine in the treatment of vertigo with the help of clinical repertory.
49.	Scope of clinical repertory in the management of Type-II Diabetes.
50.	Role of Homoeopathy in premenstrual syndrome showing utility of Kent's Repertory.
51.	Utility of synthesis repertory in Disorders of growth & Development in children.
52.	Study of utility of synthesis repertory in treatment of polycystic ovarian syndrome.
53.	Study of the rubrics anticipation and anxiety with the help of synthesis repertory.
54.	Application of hahnemannian Guidelines in management of fever cases with the help of complete Repertory.
55.	To study the importance of dreams in the selection of similimum through complete repertory.
56.	To study the utility of complete repertory in acute otitis media.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

List of Approved Title of Dissertation for Academic Year 2009-10 under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Repertory(M.D. Homoeopathy)	
57.	Study of importance of kent's repertory in general and chapter skin in the management of urticaria.
58.	Study of boericke repertory as reference book and its utility in clinical practice.
59.	Evaluation of constitutional treatment of hypothyroidism using Kents reopertory.
60.	In depth study of section relationship of remedies from boenninghausen 's therapeutic pocket book and understanding its efficacy in homoeopathic practice for second prescription.
61.	Study of insomnia through kent's repertory & scope of LM potencies in insomnia.
62.	Study of pharyngitis in children through homoeopathic medical repertory by Dr.Robin Murphy.
63.	Clinical utility of single remedy rubric through synthesis repertory.
64.	Utility of Kent's repertory in the treatment of acne vulgaris.
65.	Utility of different homoeopathic repertories in the treatment of corn.
66.	Role of mental state in the treatment of chronic diseases with Synthesis Repertory.
67.	Utility of Complete Repertory in the treatment of Nocturnal Enuresis.
68.	Efficacy of Repertorial Approach in Acid Peptic Disorders.
69.	Clinical Evaluation of Headache for Management of Cases Using Kent's Repertory.
70.	Kentian approach in cases of Depression.
71.	Repertorial Approach in the management of migraine.
72.	Study of boenninghausen's therapeutic pocket book and its clinical utility in cases of menopausal syndrome.
73.	Utility of Aetiology in View of Complete Repertory.
74.	A study on Utility of Kent Repertory in the Treatment of "Hair fall and Baldness".
75.	Utility of Kents Repertory in the management of Psoriasis in clinical practice.
76.	To study Rubric Perseverance from Synthesis Repertory.
77.	Clinical Evaluation of Protein-Energy Malnutrition in children & it's Homoeopathic Management through Repertory.
78.	A Critical study of Clinical repertory with special emphasis on Boericke repertory and its practicability.
79.	A Critical study of Boenninghausen's Therapeutic Pocket Book and it's practicability with special emphasis on relationship of medicine.
80.	Clinical utility of Kent repertory in cases of acid peptic disorder.
81.	Utility of Murphy's Repertory in gynaecological practice with special emphasis on premenstrual syndrome.
82.	Homoeopathic management of gall stone with the help of complete repertory.
83.	Homoeopathic complete repertory for the management of medical renal disorders.
84.	Clinical application of complete repertory in the cases of menopausal syndrome.
85.	Understanding the scope and limitations of repertory in being hypertrophy of prostate.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

Maharashtra University of Health Sciences, Nashik
List of Approved Title of Dissertation for Academic Year 2009-10
under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Pharmacy(M.D.Homoeopathy)	
1.	Importance of posology in Homoeopathic Prescription and focus on minimum dose.
2.	Utility of external application in Homoeopathic Practice.
3.	The Brief study of repetition of doses.
4.	A pharmacodynamic study of arsenicum album with it's toxico-clinico-pathological correlation.
5.	A pharmacodynamic study of Mercury with its clinical, pathological & toxicological correlation.
6.	Study of utility of LM potency in Bronchial Asthma
7.	Proving of Allium Cepa prepared from leaves.
8.	Reproving of Allium Cepa prepared from bulb.
9.	Evolutionary History of Fifty Millesimal Scale and Its Prospect in Modern Scenario of Homoeopathy.
10.	Reproving of Allium Cepa prepared from whole plant.
Practice of Medicine(M.D.Homoeopathy)	
1.	Vomiting of Pregnancy and its Homoeopathic Management.
2.	To study the Scope of Homoeopathic Management in Acute Diarrhoea.
3.	To study the Utility of Homoeopathic Medicines In Telogen Effluvium.
4.	Correlating the psycho-somatic factors & emerging remedy profiles in cases of hypothyroidism.
5.	Understanding the role of exciting & Maintaining causes in clinical presentations of hypothyroidism & its influence on potency
6.	Infulence of the mental state on the evolution of hypothyroidism.
7.	Efficacy of Homoeopathic Medicine in Management of allergic respiratory disorders in paediatrics age group.
8.	Clinical Approach in case of productive cough with Homoeopathic Management.
9.	Role of Homoeopathic Medicine in Psychological causes of impotence in male.
10.	Role of Homoeopathy in bleeding per rectum due to constipation.
11.	Comparative study of Piles in Two Groups receiving Homoeopathic treatment only and with Homoeopathic treatment along with Diet and Regiment.
