

# MAHARASHTRA UNIVERSITY OF HEALTH SCIENCES, NASHIK

International Postgraduate Paediatric Course  
(Distant Education Programme)

the  
children's  
hospital at Westmead

Admissions open for a one year Certificate Course in  
**INTERNATIONAL POSTGRADUATE PAEDIATRICS**

Maharashtra University of Health Sciences, Nashik has introduced a one year "International Postgraduate Paediatric Certificate" in collaboration with University of Sydney and The Children's Hospital at Westmead, Australia. This is a challenging international course. The content provides distant education particularly for busy practitioners from rural areas. This online programme is accessible and cost-effective.

The International Postgraduate Paediatric Certificate, known in Australia as Diploma in Child Health, provides a comprehensive overview of current best practice in paediatrics from neonates to adolescents covering all subspecialty areas. It is ideal education for training paediatricians, General Practitioners, training GPs, and all doctors who care for children and young people. This is not a specialist qualification.

The details of programme are as follows :-
