One year International Postgraduate Paediatric Course (Distant Education Programme)

Admissions open for one year Certificate Course in
INTERNATIONAL POSTGRADUATE PAEDIATRICS

Maharashtra University of Health Sciences, Nashik is contemplating to introduce one year "International Postgraduate Paediatric Course" in collaboration with University of Sydney, Australia. This is a challenging international course. The content of this course provides distant education particularly for busy practitioners from rural area. This online programme is accessible and cost-effective. This course is being conducted on pilot basis for this year.
