

Maharashtra University of Health Sciences, Nashik

Additional List of Approved Title of Dissertation for Academic Year 2010-11

under the faculty of Allied Health Sciences- M.O.Th (Post Graduate)

Sr. No.	Approved Title of Dissertation
Master of Occupational in Musculoskeletal Sciences	
1	To study the effectiveness of Proprioceptive Neuromuscular Facilitation Technique as an adjunct to Occupational Therapy in chronic low back pain - A Randomized Controlled Trial.
2	Effectiveness of neutral wrist metacarpophalangeal hyperextension splint in carpal tunnel syndrome - A randomized control trial.
3	Effectiveness of Swiss Ball and Thera Band Exercises as an adjunct to Occupational Therapy in Ankylosing Spondylitis - A Randomized Controlled Trial.
4	Effectiveness of neuromuscular and proprioceptive training as an adjunct to occupational therapy in rheumatoid arthritic hand - A randomized controlled trial.
5	To study the effect of dynamic microstomia splint on mouth opening in facial burn - A comparative study.
6	To study the effectiveness of shoulder gliding exercises along with occupational therapy in frozen shoulder – A Randomized Controlled trial.
7	Effectiveness of segmental stabilization versus strengthening of abdominal and trunk muscles in general population with chronic low back pain.
8	The impact of High-dose & Low-dose weight bearing exercise program on functional skills& balance in elderly patients with post operative fracture neck femur.
9	To study the effects of Pilates based core strength training in patients of nonspecific chronic low back pain.

Note:- 1) *Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University*

2) *The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.*

Additional List of Approved Title of Dissertation for Academic Year 2010-11 under the faculty of Allied Health Sciences- M.O.Th (Post Graduate)

Sr. No.	Approved Title of Dissertation
Master of Occupational in Neuro Sciences	
1	Effectiveness of mental practice as an adjunct to occupational therapy intervention in improving upper limb function in patients with stroke- A randomized controlled trial.
2	To study the effect of early vestibular rehabilitation on balance after Acoustic Neuroma surgery: A comparative study.
3	Functional outcome of integrated occupational therapy program in Vertigo patients.
4	Use of movement based specific activities to enhance functional performance in patients with dementia Alzheimer type.
5	Fatigue and quality of life in persons with multiple sclerosis- A correlative study.
6	Impact of Parkinson's disease on the quality of life of individuals with Parkinson's disease.
7	Effect of task oriented circuit training on activities of daily living, hand performance skills and quality of life in post stroke patient.
8	Effect of therapy ball exercises, single leg weight bearing and balance disc exercises on balance and gait of stroke patients.
9	To study the effectiveness of a client-centered occupational Therapy intervention in patients with Guillian Barre Syndrome (GBS) – A Randomized Controlled Trial.
10	To study the effectiveness of finger abduction splint as an adjunct to Occupational Therapy in patients with stroke – A Randomized Controlled Trial.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

Additional List of Approved Title of Dissertation for Academic Year 2010-11 under the faculty of Allied Health Sciences- M.O.Th (Post Graduate)

Sr. No.	Approved Title of Dissertation
Master of Occupational in Developmental Disabilities	
1	To study the effectiveness of "D" chair on fine motor skills in children with Down's syndrome - A Comparative study.
2	To study the Validity and Reliability of Hindi and Marathi translated versions of Winnie Dunn's Sensory Profile in children aged 3 to 10 years of Mumbai population: A Non-experimental Study.
3	Correlation of self Injurious behaviour, Stereotyped movements and Aggressive/Destructive behaviour with sensory processing disorder in children with Austim and Mental retardation.
4	Effectiveness of task - specific intervention in developmental co-ordination disorder.
5	Effects of Prefeeding stimulation with positional support while feeding in premature infants.
6	The effect of Thumb Abduction an Supination (TAS) splint on upper extremity function in cerebral palsy children.
7	Effectivity of sensorimotor therapy to improve pencil and non pencil tasks in typically developed 6 to 12 year old children.
8	Effectiveness of Psycho-educational program (multimodal approach) in children with autism spectrum disorder (ASD).
9	The effect of functional (Task-oriented) occupational therapy program along with conventional therapy (NDT, SENSORY INTEGRATON) on motor abilities of children with spastic cerebral palsy.
10	Impact of Sensory Modulation Disorder on level of performance in activities of daily living in children diagnosed as pervasive Developmental Disorder and Attention Deficit/ Hyperactivity Disorder.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

Maharashtra University of Health Sciences, Nashik

Additional List of Approved Title of Dissertation for Academic Year 2010-11 under the faculty of Allied Health Sciences- M.Sc. Nursing (Post Graduate)

Sr. No.	Approved Title of Dissertation
M.Sc. in Community Health Nursing	
1	A study to assess the factors influencing choice of utilization of maternal and child health services rendered by Government and private hospitals among mothers residing in selected urban areas of Pune city.
2	A study to assess the quality of life of people living with HIV/AIDS residing in selected areas of Pune city.
3	An Evaluatory study to assess the effectiveness of planned physical exercise program on depression among elderly residents of a selected old age home.
4	An experimental study to assess effectiveness of selected nutritional supplement to treat anemia in female students of selected residential non governmental organization.
5	Effectiveness of Humour Therapy using video assisted strategy in stress reduction among secondary school children in an urban area.
6	Effectiveness of planned teaching programme on knowledge and practices regarding health hazards and its prevention among municipal workers handling waste in a selected urban colony.
7	Effectiveness of a board game on knowledge of selected aspects of first aid among school children in an urban community.
8	Effectiveness of planned teaching programme on knowledge regarding prevention of food and water borne diseases amongst upper primary school children in a selected school.
9	An Evaluatory study to assess the effectiveness of planned teaching on neonatal resuscitation among community health workers from the selected community health centers.
10	A Study to assess the effectiveness of planned teaching on knowledge related to health hazards of cigarette smoking among the college students in selected colleges of sub-urban area.
11	An epidemiological study on the prevalence of use of temporary methods of contraception among married women in a selected urban community of Pune.
12	A study to assess the effectiveness of information booklet on knowledge in relation to the selected aspect of first aid in the golden hour among the school teachers in the selected school in suburban areas of city of Mumbai.
13	A study to assess the effect of Planned Teaching on Knowledge Regarding Preventive, and Control Measures, related to Malaria among people in selected urban slum area of Mumbai.

Note:- 1) *Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University*

2) *The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.*

Additional List of Approved Title of Dissertation for Academic Year 2010-11 under the faculty of Allied Health Sciences- M.Sc. Nursing (Post Graduate)

Sr. No.	Approved Title of Dissertation
M.Sc. in Community Health Nursing	
15	A study to assess the knowledge of primary school teachers regarding selected behavioural problems among school children in selected schools of Pune city in a view to prepare an information booklet.
16	A study to assess the effectiveness of information booklet regarding antenatal care on the knowledge of accredited social health activist in selected area of Pune city.
17	A Study to assess the opinion regarding the usage of community health bag amongst the Post Graduate Teachers of Community Health Nursing in the selected nursing colleges of Maharashtra in view to suggest modifications in the bag content and bag technique.
18	A study to assess the effect of planned teaching on knowledge and practices regarding prevention of Acute Myocardial Infarction among the Police personnel in the city of Mumbai.

Note:- 1) *Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University*

2) *The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.*

Maharashtra University of Health Sciences, Nashik

Additional List of Approved Title of Dissertation for Academic Year 2010-11 under the faculty of Allied Health Sciences- M.Sc. Nursing (Post Graduate)

Sr. No.	Approved Title of Dissertation
Master of Physiotherapy in Musculoskeletal Sciences	
1	The effect of contralateral neurodynamic position and movement in patients with unilateral abnormal neurodynamic response.
2	The effect of postural correction on upper back and cervical trigger points in asymptomatic subjects with forward head posture.
3	Assessment of functional performance of lower extremity and effect of leg dominance on the same in young asymptomatic individuals.
4	A Comparative study of effect of hydro collar pack versus ultrasound combined with stretching on the extensibility of plantar flexors.
5	Responsiveness of the Michigan hand outcomes questionnaire and the disabilities of arm, shoulder and hand questionnaire in patients with distal radius-ulna fracture, during physical therapy treatment.
6	Comparison of Effects of Mulligan Mobilisation with Movement (MWM) and Wrist Manipulation in Physiotherapy Management of Lateral Epicondylagia.
7	Grip strength measurements and pinch strength measurements at two different wrist extension positions in subjects with fracture around elbow.
8	Effect of functional training in subjects with knee osteoarthritis.
9	Effect of fatigue on knee proprioception.
10	Effects of Neoprene knee orthosis as and adjunct to exercises in persons having chronic knee osteoarthritis.
11	Comparision of gait of persons using unilateral transtibial prosthesis, with patellar tendon bearing suprapatellar cuff suspension and patellar tendon bearing supracondylar suspension and sach foot.

Note:- 1) *Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University*

2) *The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.*

Additional List of Approved Title of Dissertation for Academic Year 2010-11 under the faculty of Allied Health Sciences- M.Sc. Nursing (Post Graduate)

Sr. No.	Approved Title of Dissertation
Master of Physiotherapy in Musculoskeletal Sciences	
12	Effect of hip lateral rotators strengthening on lateral patellar tilt angle in females with patellofemoral pain.
13	Effect of Low Resistance Training with Elastic Resistance bands and Free weight cuffs on physical functions of patients with knee Osteoarthritis.
14	Saggital plane analysis of lumbar spine range of motion in healthy individuals.
15	Balance and Postural sway in individuals with low back pain : A case control study.
16	Comparison of total head excursion and resting head posture in normal and neck pain patients.
17	Change in neck mobility and pressure pain threshold following cervical myofascial release technique in patients with non specific neck pain.
18	Mental imagery: A comparative study to improve the strength of plantar flexors.
19	A Comparative study between the post-isometric relaxation and reciprocal inhibition on hamstring length in young healthy adults.
20	Immediate effect of Thoracic spine manipulation in patient with Mechanical neck pain.
21	Efficacy of Alternative lumbar manipulation technique in low back pain patients satisfying the clinical prediction rule(CPR).
22	Effect of PNF movement patterns on joint range of motion and function in Frozen shoulder.

Note:- 1) *Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University*

2) *The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.*

Additional List of Approved Title of Dissertation for Academic Year 2010-11 under the faculty of Allied Health Sciences- M.P.Th (Post Graduate)

Sr. No.	Approved Title of Dissertation
Master of Physiotherapy in Musculoskeletal Sciences	
23	Effect of Upper limb neural tissue mobilization on grip strength in patients with cervical pain.
24	Efficacy of Neuromuscular Training in Patients with knee Osteoarthritis.
25	Effectiveness of Passive Physiological Intervertebral Movements (PPIVMs) Versus Passive Accessory Intervertebral Movement (PAIVMs) in Patients with Cervical Spondylosis.
26	Sock test to evaluating the activity limitation in patients back pain.
27	Effectiveness of two leg rotation technique verses bent leg raise technique on neural tissue mobility in subjects with lumbar spondylosis.
28	Effect of capsular stretching and muscle energy technique in management of frozen shoulder.
29	Comparison of open kinematic chain exercise with close kinematic exercise chain in patello femoral osteoarthritis.
30	The effect of anterior versus posterior Glide joint Mobilization on internal rotation range of motion in patients with shoulder adhesive capsulities.
31	Correlation of Quadriceps, Hamstrings and Hip Abductors to Physical Function in Total Knee Arthroplasty.
32	Assessment of upper limb neurodynamic tension test 1 in asymptomatic healthy young adults.
33	Immediate effects of mulligan two leg rotation technique in non radiating mechanical low back pain.
34	The effect of hip muscles strengthening on pain and function in patients with knee osteoarthritis.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

Additional List of Approved Title of Dissertation for Academic Year 2010-11

under the faculty of Allied Health Sciences- M.P.Th (Post Graduate)

Sr. No.	Approved Title of Dissertation
Master of Physiotherapy in Neuro Sciences	
1	Performance of elderly individuals on target oriented and non-target oriented functional reach test.
2	Vestibular stimulation exercises: An adjunct to conventional Physiotherapy in patients with hemiplegia.
3	Comparison of the effect of electrical muscle stimulation v/s mirror therapy for hand function in patients with stroke.
4	Additive Effect of motor imagery technique for gait rehabilitation in post stroke hemiparesis patients.
5	Correlation of Tinetti Performance Oriented Mobility Assessment scale with timed up and go and Functional Reach test in healthy geriatric population.
6	effect of cognitive task on static balance in different age groups.
7	Effect of random versus blocked practice on learning of a motor task in elderly.
8	Sit and reach test as a predictor of functional outcome in patients recovering from acute stroke.
9	Comparison of standard method and measurement of functional reach test with two-arm style of reach and alternate method of measurement in young adults.
10	Effect of an audio-verbal task on fast walking, obstacle walking and stair climbing in Young adults.
11	To find out the reliability and validity of the unilateral forefoot balance test for measuring balance in women aged 58-69 years.

Note:- 1) *Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University*

2) *The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.*

Additional List of Approved Title of Dissertation for Academic Year 2010-11

under the faculty of Allied Health Sciences- M.P.Th (Post Graduate)

Sr. No.	Approved Title of Dissertation
Master of Physiotherapy in Neuro Sciences	
12	Effect of cold water immersion on motor and sensory nerve conduction in normal healthy individuals.
13	Normal Values of Balance Tests in Healthy Indian Adults using Balance Master: A Pilot Study.
14	Neurological Assessment of the Neonates Following Full Term Normal Delivery, using "Neo Neuro & Up" Scale: A Pilot Study.
15	Relation between Balance and Functional Performance in Children with Spastic Diplegia.
16	Effect of Balance Training in Hearing Impaired Children.
17	Effect of Treadmill Training on Gait and Balance in Parkinson's Patients.
18	Effect of Task Specific Treatment in patients with Unilateral Neglect.
19	Relationship of balance confidence, performance and quality of life in senior citizens.
20	Effects of Vacuum compression Therapy on Diabetic Foot.

Note:- 1) *Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University*

2) *The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.*

Additional List of Approved Title of Dissertation for Academic Year 2010-11 under the faculty of Allied Health Sciences- M.Sc. Nursing (Post Graduate)

Sr. No.	Approved Title of Dissertation
M.Sc. in Medical Surgical Nursing	
1	A study to assess the effectiveness of structured teaching program on the knowledge, anxiety and behavioural response of the patients undergoing endoscopy at a gastroenterology centre at a tertiary care centre.
2	A study to assess the level of knowledge regarding ART and drug adherence among PLHA visiting ART centre of a Medical College.
3	The effectiveness of planned teaching on knowledge and practices of endotracheal suctioning among staff nurses working in the ICUs of Selected Hospitals.
4	Effect of planned teaching on knowledge and practice regarding the care of patients receiving anti-coagulant therapy among the nurses in the intensive care unit in a selected hospital.
5	Effect of planned teaching on knowledge & practice regarding care of patient with Coronary Angioplasty among the ICCU staff nurses in urban hospital.
6	Effectiveness of information booklet on knowledge and practices regarding selected aspects of lifestyle modification in patients newly diagnosed with acute myocardial infarction in urban hospital.
7	A Study to Evaluate the effectiveness of video assisted teaching programme on knowledge regarding prevention of breast cancer among school teachers in selected schools.
8	A study to assess effectiveness of planned teaching on knowledge about smoking as a cause of lung cancer among Junior College students.
9	A study to assess the effectiveness of planned teaching programme on knowledge regarding non curative care of terminally ill cancer patients among care takers of selected oncology institutions.
10	A study to assess the effectiveness of planned teaching programme on knowledge regarding diet of cancer patients undergoing chemotherapy among care takers in oncology units of selected hospitals.
11	A study to assess the effectiveness of health teaching programme on knowledge regarding self care in patients undergoing chemotherapy in selected hospitals.
12	A study to assess the effectiveness of structured teaching programme on knowledge regarding prevention of Nosocomial infections in patients undergoing chemotherapy among staff nurses in selected hospitals.
13	A Study to assess the effectiveness of structured teaching programme on knowledge regarding reproductive tract infection among junior college girls with the view to prevent cervical cancer at selected colleges.

Note:- 1) *Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University*

2) *The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.*
