

Maharashtra University of Health Sciences, Nashik
List of Approved Title of Dissertation for Academic Year 2010-11
under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Homoeopathy Materia Medica(M.D. Homoeopathy)	
1.	Homoeopathic Management of sports injuries with special emphasis on Arnica Montana, Bellis Perennis and Ruta Graveolens.
2.	Utility Of Ocimum Sanctum In Clinical Practice.
3.	Understanding the various spheres of action of kali bichromicum through clinical cases.
4.	Understanding the psychodynamic and psychosomatic correlation of kali bichromicum through in -depth study of clinical cases.
5.	Understanding the various spheres of action of lycopodium through clinical cases.
6.	Understanding the different remedy relationship of lycopodium through clinical cases.
7.	Understanding the psychodynamic and psychosomatic correlation of lycopodium through in -depth study of clinical cases.
8.	Efficacy of Homoeopathic remedies in Haemorrhoid.
9.	Brief study on nosodes and expedition on carnosinum.
10.	Understanding enuresis in children and role of Homoeopathy.
11.	Role of agnus castus and lycopodium in erectile dysfunction.
12.	Understanding row third of periodic table in brief and special emphasis on phosphorus and silicea.
13.	Homoeopathic Approach towards stress management with special emphasis on nux vomica and kali carb.
14.	Comprehensive view of the Treatment of Warts with Homoeopathy, with special emphasis on Constitutional Treatment.
15.	Study of efficacy of parthenium hysterophorus in high potency in homoeopathic management of allergic conditions.
16.	Study of efficacy of arundo in homoeopathic management of acute allergic rhinitis.
17.	Efficacy of Homoeopathic Management in cases of stye.
18.	Homoeopathic Management of effects of anger with special emphasis on its expressions & Counseling.
19.	Homoeopathic Management of Migraine.
20.	Manifestations of modern civilized life & sedentary life style & its management with nux vomica.
21.	Common ano rectal conditions & it's homoeopathic management with special emphasis on life style modification.
22.	Study of Osteoarthritis, it's Homoeopathic management With special emphasis on utility of Cals.flur, Rhus tox, Bryonia, phytolacca, Ruta in the treatment of Osteoarthritis.
23.	Scope of Homoeopathy in various behavioural maladies of children with special emphasis on Tuberculinum.
24.	Study of Arsenicum Group of remedies and their efficacy in clinical practice.
25.	Study of Carbon Group With Medicines Carbo Vegetabilis And Graphites For Varicose Vein.
26.	Study of Lichen Planus through the remedies antimonium crudum and apis mellifica.
27.	Comprehensive study of Kali group of medicines with special emphasis on kali carbonicum and its clinical utility.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

under the faculty of Homoeopathy(Post Graduate)

Sr. No.	Approved Title of Dissertation
Organon of Medicine(M.D. Homoeopathy)	
1.	Perceiving totality in alzheimer's disease and its homoeopathic management.
2.	To study temperaments in tonsillitis.
3.	Posology criteria in non insulin dependent diabetes mellitus.
4.	Remedy Reaction-A Guide To Second Prescription.
5.	Study of Allergic Rhinitis In Children Its Homoeopathic Management with Miasmatic Approach.
6.	Practical utility of Kent's model of man in 21st century.
7.	Efficacy of 50 millesimal Scale & Centesimal scale in Osteoarthritis of knee joint.
8.	To study the scope of nosodes in one sided disease.
9.	To study the role of homoeopathy in psychosomatic disorders with respect to eczema.
10	Studying Mental expressions through both verbal & non verbal communication and its application in homoeopathic prescribing.
11	Efficacy of different scales of potencies in rheumatoid arthritis.
12	Efficacy of totality based prescription in dysmenorrhoea.
13	Understanding of depression through homoeopathic perspective.
14	Efficacy of fifty millesimal scale in chronic cases.
15	Anger: It's interpretation & it's importance in homoeopathic prescription.
16	Significance of auxiliary measure in the process of cure of pediatrics asthma treated homoeopathically.
17	Understanding Nervous Temperament for selection of similimum.
18	Notify various aggravations and how it helps second prescription specifically in Eczema.
19	Utility of Miasms and Mental symptoms in the treatment of Lichen Planus.
20	Study of Temperaments and its Utility to arrive at similimum in cases of migraine.
21	Significance of Diagnosis in Homoeopathy.
22	Application of Theory of Suppression in Homoeopathic Prescription.
23	Illustration of follow up criteria in chronic cases with miasmatic evaluation.
24	Homoeopathic Management of menstrual irregularities with the help of individualisation.
25	Homoeopathic Management of Depression with emphasis on study of its relation with miasm.
26	Utility and importance of aphorism 71 of organon of medicine with respect to case taking.
27	To study the importance of Prophylaxis in Homoeopathy Especially in cases of Acute Epidemic of Chikungunia with Hanhemannian idea of Genus Epidemicus.
28	Understanding the significance and importance of miasms in homoeopathic management of dyspepsia.
29	Importance of mental and physical factors in migraine and its scope in homoeopathy..
30	To study the Causes, Miasmatic evaluation and Homoeopathic Management of bleeding per Rectum.
31	Study of Similimum, Posology & it's Significance in Homoeopathy.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.

Sr. No.	Approved Title of Dissertation
Repertory (M.D. Homoeopathy)	
1.	Comparative study in the management of pigmentary disorders through synthesis repertory and murphy's repertory.
2.	Comparative study of Kent's repertory and B.B.C.R. in bronchial asthma.
3.	To Understand the Utility of Complete Repertory in Homoeopathic Management of Cases of Hypothyroidism.
4.	Comparative study of Kent's & synthesis repertory in cases of sinusitis.
5.	To Understand the Utility of Kent's Repertory in Homoeopathic Management of Obsessive Compulsive Disorder.
6.	Utility of Complete repertory in management of Major depressive disorder.
7.	Comparative study of utility of menses chapter of Dr.C.M.Boger's Boenninghausen's characteristics Materia Medica and repertory (BBCR) and Minton's Uterine Therapeutics.
8.	Comparative study of intermittent fever from Dr.H.C. Allen's the therapeutics of fever & fever Chapters of Dr.C.M. Boger's Boenninghausen's characteristics Materia Madica and repertory (BBCR).
9.	Study of Presentation and utility of causative emotions in Dr.C.M. Boger's Boenninghausen's characteristics Materia Medica and repertory (BBCR).
10.	Utility of sexual impulse chapter of Dr. C M Boger's Boenninghausen's characteristic Materia Medica and repertory (BBCR) in cases of sexual disorders.
11.	Utility of Case taking as an important process in understanding Kent's concept of Patient as a Person.
12.	To study the role of homoeopathic management in lower urinary tract infection with the help of Synthesis Repertory.
13.	To study the efficacy of Dr.Boger's approach in homoeopathic management of Non-healing ulcer with use of Synthesis Repertory.
14.	To study the Efficacy of Dr.Boennighausen's approach in cases of Gastro-Esophageal-Reflux diseases with the help of Synthesis Repertory.
15.	Significance of sleep section in prescribing homoeopathic remedy through synthesis repertory.
16.	Section parts of body and organs from B.B.C.R. showing it's utility in treating acute clinical cases.
17.	Study of Kent's Repertorium Generale by Dr.J.Kunzli showing its utility in cases of Rheumatoid Arthritis.
18.	Study of the concordance repertory of the Materia Medica by Dr.W.Gentry and it's utility in clinical practice.
19.	Study of rubric fear from repertory of Dr. J.T. Kent by Dr.Ramanlal P.Patel.
20.	To study the utility of complete repertory in treatment of tinea versicolor.
21.	Role of Kent repertory in pointing homoeopathic remedy in pneumonias in pediatric age group.
22.	Role & Utility of synthesis repertory in management of migraine.
23.	Understanding the Psycho-Pathological relation in hearing disorders and role of Knerr's repertory in its treatment.
24.	Utility of Kent's Repertory in Management of Primary Dysmenorrhoea.
25.	Study of Dreams To Understand The State Of Delusion Based On Clinical Cases.

Note:- 1) Approved Title of Dissertation shall be considered as the final Title of Dissertation, while submitting the final Dissertation to the University

2) The above mentioned Titles of Dissertation are the only approved Titles. These doesn't depict that, the Dissertation of P.G. students is accepted by the University.
